To Whom It May Concern,

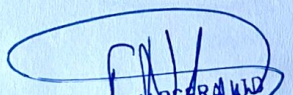

I'm happy to fully recommend Eftichios Thergiakis, who worked with us at Margera as a Mid-level Data Engineer for 7 months.

During his time here, he proved to be a reliable, proactive, and skilled team member. He consistently delivered quality work on time, took initiative, and collaborated well with others. We truly appreciated his "doer" attitude and ability to adapt quickly in a fast-paced environment.

Margera is a data-driven consulting firm working with clients like PMI, Publicis Global, Eurobank, Alpha Bank, and Piraeus Bank — and we hold our team to high standards. Eftichis met those expectations and would be a valuable addition to any company.

I fully recommend him without hesitation and believe he will excel in any future role. Please feel free to reach out if you'd like more information.

Best regards,
